

UPDATE 4.17.2023

Vince has made the decision to hold off turning on the water till Monday, April 24th to avoid any possibility of freezing temperatures. Due to the weather being so unpredictable and the fact that we have already received 5 inches of snow and the low temperatures for this week range from 27 degrees to 32 degrees at night.

To accommodate those of you who have scheduled service and the vendors supply for the Lodge, the office will remain open from 9 am to 6 pm.
