INSIDE CAMP DELTON CLUB, INC.

President's Update

Welcome back to the 2016 camping season. Let me update you on several issues.

The Electric Project is scheduled to be completed in May. The project itself came in under budget so we were able to use the surplus to run new wire to all the street lights. The camp will own the street lights and wiring and be responsible for their upkeep. Alliant will own and be responsible for the rest of the system. After Memorial Day, the old electric system will be abandoned. I want to thank the Electrical Committee, Chris Marquardt, Ed Newman, Vince, Tracy, Staff, Board members and especially Doug Berton for the countless hours and effort that was put into this project to make it a success.

As you may have noticed, the woods along Xanadu Road has been clear cut. It is our understanding that there will be some sort of development going on there in the near future. We have surveyed the property lines to ensure that no trees were cut on CDC property. We are keeping an eye on this and will report any news on this as it is received.

The new transmission line that is going to be built along the I-39 corridor has started. Clearing the right of way is progressing and soon there will be structures erected. The structures will be along the east side of the highway.

The golf cart referendum will be voted on by the membership. Please pick up your ballot at the office or talk to the staff about getting one mailed. Ballots are due June 15, 2016. The results of the referendum will be announced at the June 18, 2016 board meeting. The bylaw committee has been working on updating the by-laws. They will be recommending the membership vote on adoption at the annual membership meeting. More information will be forthcoming.

Per Chapter 69 of the Village of Lake Delton Municipal Code, the Village will be requiring tie downs for your "permanently placed structures". Proper blocking to level your trailer will also be required. Information on this will be made available to members as it is received. A tentative date to be compliant is May 16, 2017.

Finally, we are all excited about another camping season. In order to make it enjoyable for all, please remember to sign in, drive 10 MPH, be careful with camp fires, keep your pet on a leash, dispose of your trash appropriately, be respectful of your neighbors and respect camp property.

Thank You!

Timothy J. Moore

EMERGENCY CELL		608-432-1590

In the event of an emergency, call 911 FIRST, then call the camp emergency cell.

Please call the Office phone for all calls that are not a true emergency! When the office is closed, you may leave a message for follow-up by office staff.

2016 BOARD MEETING SCHEDULE

May 21	9:00 a.m.	First regular meeting of the season
June 18	9:00 a.m.	
July 16	9:00 a.m.	Annual Meeting, Board Meeting Follows
August 20	9:00 a.m.	
September 17	9:00 a.m.	Final meeting of the season

The agenda will be posted on the web site and bulletin board in the lodge one week before the meeting. Off-season meetings will be posted in the fall.

Have you joined the Camp Delton Club.com Members Only Message Board? This is a place where you can ask questions, read and provide restaurant reviews, read about updates on the Electric Project, and sell your stuff! You will need to register in order to access the Message Board. Go to www.campdelton.com, Members, then Members Only.

Let's keep Camp Delton Club beautiful!

Campsites and trailers need to be cleaned up by Memorial Day! Please remove garbage, rake leaves, ensure your site number is visible from the road, and remember to wash all sides of your camper or park model. If you aren't able to clean up by Memorial Week-

Attention members with canoes on the racks at the lake: please fasten both ends. You don't need to lock them, but by fastening both ends, the wind won't pick them up and flip them over. We have members who have found them flipped and hanging off the end of the rack, often filled with heavy water. This not only damages the racks but can bend or crack your canoe.

NOTICE REGARDING ADVERTISEMENTS IN OUR NEWSLETTER:

Inclusion of advertisements in our newsletter is not meant to imply recommendation or endorsement of any company, contractor, or individual. Camp Delton Club is not liable for any work, payment, or ensuring work is completed in a timely manner. You, as members, and consumers, are solely responsible for the outcome of any business arrangement made with a company or individual you do business with.

CAMP DELTON CLUB, INC. HIGHLY RECOMMENDS THAT MEMBERS

CHECK REFERENCES, LICENSE, and INSURANCE!

REMINDER BOARD

Vehicles and boats must be removed from unoccupied sites by May 31st.

Member Insurance

Members should have their own insurance on their campers or park models. Club insurance does not cover damage to your personal property. If you need insurance check with your agent for your home/auto coverage. If you can't get coverage from your insurance carrier, give us a call at the office. There are several companies that will insure campers and park models.

Register your camper or park model with the state

If you didn't register your camper or park model when you purchased, you might want to do it now while it's on your mind. If there are any snags, you will need to clear them up, especially when it comes time to sell or trade in.

Membership Certificates... Please check the list at the office to ensure your membership certificate is up to date. We have a number who need to sign or pick up their certificates.

THE **10MPH SPEED LIMIT** APPLIES EVEN WHEN THERE AREN'T MANY MEMBERS IN CAMP!

PLEASE REMIND YOUR GUESTS!

MEMBERS MUST SIGN IN AT THE OFFICE, EVEN IF HERE FOR A SHORT STAY. THIS IS STATE LAW.

ALSO, PLEASE REMEMBER **HANG TAGS** MUST BE ON YOUR REARVIEW MIRROR WHILE IN CAMP

Dumpsters: Also, be sure to put only recyclables in the recycling dumpsters. They are the 2 dumpsters on the RIGHT as you look at them from the maintenance building.

Bagged leaves, sticks, and branches may be left by the edge of your site for the grounds staff to pick up.

DVDs are meant for use at Camp Delton Club while you are here. Please return to the office before leaving! We are now charging a nominal rental fee of 50 cents for each DVD rented. The money will be used to purchase new DVDs!

EMERGENCIES

In an emergency **call 911 FIRST**, then call the office or if the office is closed, call the Camp emergency cell. Also, it's a good idea to have both numbers programmed into your cell phone to save time looking for the number. Please use the office phone number for non-emergencies: (608)254-8361.

Office: 608-254-8361

Emergency Cell: 608-432-1590

RECYCLING & WASTE

Pellitteri is the company that will be providing our waste and recycling removal service. For recyclables, please use the two dumpsters (on the RIGHT if looking at them from the maintenance building). A full list of recyclable materials can be

What's New?

New for 2016! **Temporary storage** for your big toys will be allowed on a reservation basis. Last year the finance committee decided to allow temporary storage to accommodate guests with boats or members who don't need storage space for regular use. The fee is just \$5.00 per day. The spaces might be long term storage spaces that are not currently rented, or might be extra space available along the fence by the dumpsters. It is imperative that users inquire and pay at the office. The spaces are reserved.

We also have long term storage available. Check with us at the office to see what we have available!

From Memorial Day - October 1, boats, cars, and anything else are only allowed on member sites when the site is occupied

NEW ITEMS ADDED TO THE STORE! We've got pizza back! Currently we have Jack's 12" pepperoni available. You are welcome to use the pizza oven in the lodge or take it back to your site and bake or grill it! Instructions for grilling are on the package. We've also added Philly Steak & Cheese sandwiches, Hot Pockets, Jimmy Dean Sausage, Egg, & Cheese Biscuits, and Corn Dogs!

Need a battery? We have an assortment available at the store now!

ATTENTION MEMBERS!
STATE LAW REQUIRES
THAT YOU SIGN-IN
ANY TIME YOU ENTER
CAMP DELTON— EVEN
IF YOU'RE ONLY HERE
FOR A SHORT VISIT.

Do you have a Scooter?

Please help keep yourself and others safe. Scooters can be a fun and inexpensive form of transportation but please follow the rules:

- All gas powered motorized vehicles must be licensed, insured, properly muffled, and the driver **MUST** be licensed. In other words, they must be street legal.
- Electric motorized scooters may not exceed the weight 50 # nor be capable of speeds over 15 mph.
- Riding Double: Vehicle must be at least 80 cc in order to ride double and the rider must be able to reach the footrests. Passengers under the age of 18 must wear a helmet.

Please consider patronizing those who advertise in the newsletter. They help support production and mailing costs of the newsletter through their advertising.

Many thanks to our advertisers!

Don't forget to check your smoke detector batteries! Every winter we hear a number of smoke detectors chirping to warn of a low battery. By the time you arrive in spring, the battery may be completely dead and no longer chirping!

POST ELECTRIC PROJECT CLEAN-UP

Our grounds staff has a lot of landscaping work to do following the in-ground installation of the electric cabling. It's going to take some time to have all the ground repairs done and seeded. Members are not required to repair their sites but if you are able and willing, please feel free to do the repair on your site. Soil is available by the maintenance building. Let us know and we'll see that the seed is put down on your repair.

Thanks for your help!

From the Grounds Manager

As a reminder, the speed limit in camp is 10 MPH. Tell your guests. There are some members throwing lumber, carpet and trash in the recyclable containers. Recyclable containers are for cardboard boxes, cans, milk jugs, and any food containers only. Pellitteri charges extra when they have to pick up recyclables that are contaminated with trash. Also, we will be selling firewood like last year, \$20.00 a Kubota bucket.

Thanks,
Vince

Membership and Sales

The spring has been very busy with people looking to purchase memberships! Through the first part of May, we've had 5 sales, and 2 complete transfers. This doesn't include new members in the late fall.

At this time, we have 32 memberships available. If you know of anyone interested in becoming a member, they can get information by checking out the website, campdelton.com and clicking on the link for the sales page, or they can call the office at 608-254-8361 or email campdelt@frontier.com.

If you want information about selling your membership, please contact the office for information, even if you plan to sell on your own. We are happy to explain the options and the process to you.

Sue Whitaker
Membership Director

I don't know how accurate the following history is or who compiled this information but thought some members might enjoy reading it.

Tracy

History of The Camp Delton Club

- 1900 Sheridan S. Squires bought the farmland, which is now Camp Delton Club. It also included the land east of Interstate 90.
- 1920 A 37 room structure called "Mirror Lake Inn" was built on the corner of Burritt Rd. & Xanadu Rd.
- 1927 This land was sold to John H. Daehler. An 18-hole golf course called Dells - Ringling Country Club graced our property. Hole #1 and #18 were located where I-90 now flows. The country club was listed as one of the most scenic and sportiest golf courses in Wisconsin.
- 1932 The "Mirror Lake Inn" destroyed by fire. (Loss estimated at \$75,000)
- 1950 The land was purchased by William & Harriet Hynes. During this time, the land was used for various purposes including a KOA Campground, located on the present Overlook Village. (As a note: Xanadu Rd. was Old Highway 23 and Interstate 90 was built thru this land in 1959.)
- 1955 Part of the land was sold to Douglas Chalmers, who used the area for his business, Air-Seal Windows.
- 1968 Willard (Bill) & Virginia Murphy bought the land and in 1970 the land become Dells Camp Delton Incorporated. The Murphy family opened an award-winning campground, which was the first "deluxe" total facility camping resort in the Illinois/Wisconsin area. It carried the highest ratings available to a campground in Woodall & Ron McNally. To do away with the hopeless problem that plagued campers when they found reservations for camping difficult, The Murphy's idea of carefree relaxed camping were being replaced by frenzied competition and overcrowding. With that in mind, the concept of a membership campground took shape.
- 1975 March 21, 1975 Bill Murphy signed the Articles of Incorporation for Camp Delton Club and that's when our club was born. In May of 1975, the public was able to buy a membership. (Originally, 488 memberships were proposed) By September of 1975, nearly two-thirds of the existing memberships were sold.
- 1977 Part of the land, which is now the cottages in the back of Camp Delton property, were sold to Charles Harris, Mary Jane Winkler, John D. Melter and William R. Melter.

What's Happening?

The Bylaws Committee is currently reviewing Bylaws and the Rules. Updates to both will be presented at the July meeting.

The golf cart referendum regarding whether to allow golf carts at Camp Delton Club is underway! Please stop in the office to pick up your referendum information and ballot. Ballots are due June 15, 2016 at 5:00 p.m.

The Annual Report will be available May 31st. It will be emailed and available at the lodge. If you want a hard copy mailed to you, please call the office at 608-254-8361.

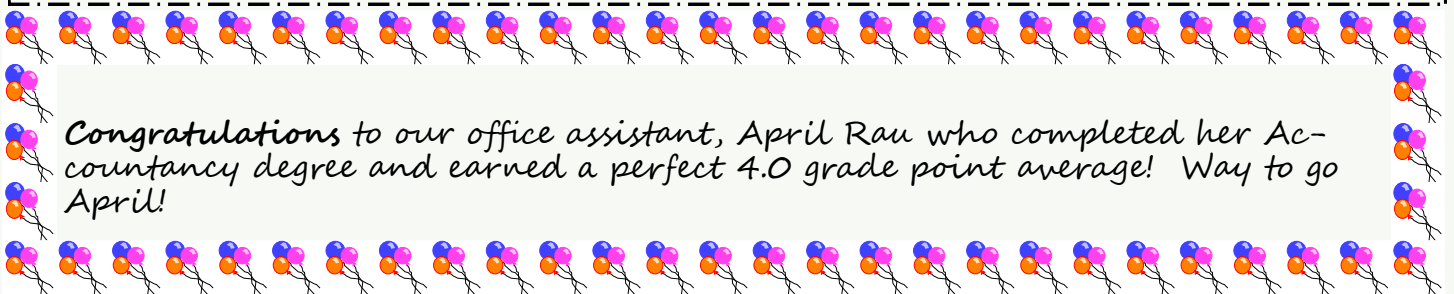

The Electric Project will wrap up in early June, right after Memorial Day with the retirement of the old system in Wilderness Village. More information follows on page 10.

DIGGERS HOTLINE: If you are doing anything involving putting a shovel into the ground, please call Diggers Hotline. Now that we have Alliant Energy supplying all the electricity to the camp you must call Diggers Hotline to ensure your safety and prevent damage to the system.

The Village of Lake Delton has completed their inspections for improperly set trailer support pillars and other unsafe conditions. They have noted and are prioritizing the following areas of concern:

- Improper use of cinder blocks beneath trailers
- Unsafe electrical wiring that needs to be brought up to code
- Tying down of park models by use of "hurricane straps". This is a requirement of HUD (Federal Law) and the Village of Lake Delton is enforcing it.

Information will be available to pick up at the lodge and posted on the website regarding proceeding with coming into compliance. There will be exceptions allowed by merit of individual circumstances. For an exception, members will need to apply. Please watch the website for more details to come.

Lake Delton is a village located on the Wisconsin River in Sauk County, Wisconsin, United States. As of the 2000 census, the village had a total population of 1,982. Lake Delton, along with the nearby Wisconsin Dells, is a resort area and a major center for tourism.

The village of Lake Delton was originally named Norris for Edward Norris the surveyor of the village in 1850. The Village changed its name to Delton, but changed again in 1926 to Mirror Lake to avoid a conflict with the Town of Delton in that area. The name Lake Delton was taken after the construction of the Dell Creek dam creating a reservoir also known as Lake Delton. The village was incorporated in 1954.

Among the attractions at Lake Delton are the world's largest Trojan Horse (part of Mt. Olympus Water & Theme Park) as well as the world's largest (artificial) Pink Flamingo. From 1952 to 2006, Lake Delton was home to The Wonder Spot. Taken from Mapquest.com

WILDERNESS MEMBERS!

The Electric Project will wrap up in early June, right after Memorial Day with the retirement of the old system in Wilderness Village.

If you need to do any re-wiring you might plan to do it soon so you have uninterrupted power in your shed or add-a-room. Many sites have wiring from their sheds that reach the new pedestal but this is a good time to evaluate whether the wiring is still in good shape or whether new wiring should be installed.

Many of the sheds were tied into the old electric pedestal with indoor cable. The insulation wasn't made for outdoor use. Please look at your wiring and ensure it is safe and the proper cable!

**** TRAILER WINTERIZING ****

Greetings From the Office Manager

Spring has arrived! It's so nice to have green grass and leaves on the trees. We also know spring is back when we have members come back to camp. Spring is a time of renewal and it's great to see our neighbors again and renew friendships. Over the winter we had several members who came nearly every weekend. We also had some who popped in for a short camper check or stayed for a day or a weekend. Life goes on at Camp Delton Club, even in the winter. We also have additional visitors that aren't often seen in the summer: red foxes, turkeys, and deer as well as bald eagles soaring overhead!

The sign-in sheet has been removed from the silver mailbox at the gate. Please remember to stop at the office to sign in and ask your guests to do the same. Also, hang tags are required on your rearview mirrors and please keep your speed to 10 m.p.h.! We are seeing more and more kids playing on or near the roads in camp and we want to ensure their safety.

Sales over the off-season were very good! We still have people coming to look at sites and campers or park models that interest them. If you have family or friends that have been tossing around the idea of joining us, this would be a good time while we have a good selection available!

Remember to bring your gate card and keys!

I wish you all a relaxing and fun-filled season. Let 2016 begin!

Tracy Schmidt
 Office Manager

Treasurer's Report

Welcome back for another wonderful season of fun at Camp Delton Club. As your treasurer, I like to keep members informed as to how a portion of their dues and the camp's reserve funds are being spent by the board in the park during the off-season. Some improvements should be immediately obvious. You'll notice a paved road to the dumpsters with a paved turn around. You'll also notice a brand new basketball court and hoops. (Please keep all vehicles off the court. Warning signs about this will go up in the next couple of weeks.)

You may also notice the brand new camp pick-up truck rolling through park. Men should appreciate the new regraded floor tiling in the lodge showers properly draining water away. I'm sure everyone has noticed the number of dead and dying tress that have been removed, wiping out a long-standing list and making future forestry in the park surmountable.

Some things are not so obvious like the new, efficient, larger water heater for the lodge showers, or the excavation of a buried storm drain next to the Wilderness playground, converting it into a functional French drain. We should all enjoy the proper re-wiring of the pavilion's electrical system, guarantying safe, powered events for the upcoming season.

We hope you all benefit from these upgrades and the upgrades to come. Having said all that, the following are the current balances of the reserve funds as of June 1st, 2016:

Capital Improvements DDA	\$56,731.00
Equipment Reserve	\$5,189.02
Gate Reserve	\$1,504.78
Manager's Home Reserve	\$2,509.09
Professional fees reserve	\$4,514.35
Recruiting Reserve	\$1,504.78
Roads Reserve	\$7,935.14
Sewer Reserve	\$3,009.57

Have a wonderful season everybody.

Eddie Mallonen
Treasurer, Camp Delton Club

Volunteering at Camp Delton Club

Thanks to everyone who has volunteered their time and expertise to Camp Delton Club. Your help makes a huge difference in the campground. We have seen a big improvement over the years in the appearance of the campgrounds entry, lodge area, shower/laundry buildings, and the campsites! We also had many folks volunteer their time to the new electrical system. Thanks to all!

When we come across a rules violation, it is often a guest who is in violation. Often times, a member has allowed a friend or family member to use his or her site while the member is not present. PLEASE ensure your guests understand the rules and regulations. There is a one page short version of the more commonly broken rules at the office. Please have a copy available that you can give to your guests or leave at your site. Remember, when your guests violate a rule, the member is ultimately responsible. The rules are not here to restrict people, but to ensure a safe and enjoyable experience for everyone. *Thank you!*

Condolences & Get Well

Jan Ketchum, wife of Tom Ketchum in Wilderness passed away last November after a long battle with cancer. Jan will be greatly missed by all who knew her.

Last November, Greg Powers' brother Dennis passed away.

Janet Germinaro lost her mother in December. Also please keep Frank Germinaro in your prayers.

Chris Harter's father passed away over the winter. Please keep Chris and her family in your prayers.

Patrick Reeves, a member in Dells Village recently passed away. Please keep Kimberlie Slonina, Jadin, and family in your prayers.

Kevin Sullivan was a member in Wilderness who passed away recently. Not only will family and friends miss him, but many who knew him during his regular visits to Devil's Lake.

Mary Garvey, wife of Michael Garvey in Overlook recently passed away. Mary will be greatly missed by family and friends.

Notice: If you plan to make any changes to your site, please err on the side of caution . Fill out a "Yellow Buildings & Grounds Form" before purchasing any supplies, stain, trees, campers, park models, or building materials. Information is available at the lodge. The purpose of the form is to ensure changes conform to the Rules & Regulations.

If you are building a deck, or add-a-room, a building permit is required from the Village of Lake Delton. The Village requires you to supply them with your approved form from Camp Delton Club with your application. Thank you!

Please welcome our 2016 staff:

Cheryl Gould
Julie Bychinski

Grounds
Shawn Leggett
John Rickert
Linda Anderson

Good to Know

Did you know you can avoid making one large payment for your dues in April? You can make small payments monthly or when it works for you throughout the year. **These payments will apply to your next year's fees. This is sometimes easier than** coming up with a lump sum when the dues are due. To find out more about budget payments, please give us a call at the office!

RECYCLING INFORMATION

All recyclables should be put into your all-in-one recycling dumpster

Paper

- Cardboard (empty)
- Catalogs, magazines & phone books
- Cereal & cracker boxes (empty)
- Computer & office paper
- Envelopes & junk mail
- Holiday gift wrapping paper (no foils)
- Newspapers
- Paper egg cartons
- Paper grocery bags
- Paper milk and juice cartons or boxes
- Pizza boxes (no food or grease)

Plastic

- All plastic bottles (no motor oils or gasoline)
- Plastic containers / cups #1-7, including #1 deli containers
- Plastic bags (grocery, newspaper, dry cleaning, etc. - no black or brown bags) - place clean, dry bags into a clear or transparent bag and tie shut; a full bag should be smaller than a basketball

Metal & Glass

- Aerosol cans (empty)
- Aluminum cans & aluminum pie plates
- Glass bottles & jars (clear, blue, brown or green translucent glass)
- Metal pots & pans
- Small metal appliances (toasters, blenders, etc.) – nothing larger than a basketball
- Small metal plumbing fixtures & pipes (faucets, valves, pipes 2"-12" long)
- Tin & steel cans

NOT Recyclable:

- Brake rotors / drums
- Deli containers - except #1 plastic
- Frozen food or microwave dinner plates
- Glassware & ceramics
- Metal items heavier than 10 pounds
- Mirrors & windows
- Motor oil or gasoline containers
- Plastic film, wrap & Styrofoam
- Misc.: Carpet, clothing, diapers, fishing line, food, hoses, ropes & shoes

RECYCLING Tips

- Should you choose to bag recyclables you place into your dumpster, please use clear or transparent bags and leave open – do not tie or seal. If you use brown Kraft/paper bags, do not staple or tape shut.
- All items should be loose and empty. Do not place smaller items inside of larger containers.
- Your recycling dumpster will not be emptied if it contains trash, yard waste or prohibited items.
- If you are unsure if something is recyclable, please call our customer service team at (608) 257-4285.

Improving Homes Since 1966

2016 Activities

The new camping season came fast but it is time to plan activities for the year. We will have a bake sale and a rummage sale on June 11. It will be out by the green building and ads will be in the newspaper. In July there will be a cookout, not sure of the date. In August we will have a cocktail and an appetizer party. In September there will be a pasta supper.

There will be a 50/50 raffle held that will go all season and the drawing will be at the September board meeting. See the next page for more information!

We will be looking for volunteers to help do a movie night in the pavilion once a month. We will be collecting aluminum cans for playground equipment. We will be making a box to hold the cans so you can toss your cans in. There will be a donation of 50 cents for movie rental which will be used to get new movies.

If anyone has any other ideas please drop them off at the club house.

To have any activities we do need volunteers! If you are willing to help, please sign up at the office.

BUILDINGS & GROUNDS

I would like to welcome everybody back to camp for another season.

Please put your site sign on a post in the yard so it is clearly visible. Signs should no longer be in your window due to the glare of light from flashlights used by emergency vehicles when looking for a particular sight at night.

Anyone who would like to clean up the brush and small branches along the road from the Club House to Dells Village for firewood, please feel free to do so.

Reminder: Make sure you have a hang tag hanging from your rearview mirror. If your hang tag is lost or breaks, you can get a replacement at the office. They are only \$1.75 - the cost to the Camp.

We can use some volunteers to do various things this season so if anyone wants to help, let Vince or me know. Even if it is for a half an hour, every little bit helps.

Roland Eisch

Buildings & Grounds

Rummage Sale

Bake Sale

June 11, 9:00 am

By the green building on Xanadu
Road

Space \$5.00
